

Job Archive

Staff Test Procedures

Redlined1 | D1 Imports | June 20, 2026

Prerequisites

1. Log in as Owner or Manager Technician accounts do not see Job Archive.
2. At least one Job Card must have status: Complete, Closed, or Invoiced.

Tests in this document

01	Page loads without error
02	Jobs appear in the archive
03	Period filter works
04	Search filters correctly
05	Row expand shows full details
06	Export CSV downloads correctly

Result key

PASS	All steps completed correctly
FAIL	One or more steps did not produce expected result
SKIP	Test not applicable or skipped

01

Page loads without error

#	Action	Expected result	Result		
1	Click Job Archive in the sidebar	Page loads no red error text visible	PASS	FAIL	SKIP
2	Check the page header	Shows "Job Archive" with subtitle about completed / closed / invoiced jobs	PASS	FAIL	SKIP
3	Count the stat cards at the top	4 cards: Archived Jobs, Avg Days to Close, Total Labor Hours, Total Parts Value	PASS	FAIL	SKIP

Pass criteria:

No red error text visible. All 4 stat cards show.

Note:

If red text says "column does not exist" report to admin immediately.

05

Row expand shows full details

#	Action	Expected result	Result		
1	Click any row in the archive table	Row expands - arrow changes from down to up	PASS	FAIL	SKIP
2	Check the 3 sections in the expanded panel	Job Details, Timeline, Financials & References all visible	PASS	FAIL	SKIP
3	Verify Job Details section	Customer name, vehicle, service type, notes (if any)	PASS	FAIL	SKIP
4	Verify Timeline section	Check-in date, closed date, total days, technicians listed	PASS	FAIL	SKIP
5	Verify Financials section	Labor hours, parts total, RO number, invoice number, status badge	PASS	FAIL	SKIP
6	Click the same row again	Row collapses back to single line	PASS	FAIL	SKIP

Pass criteria: Expand/collapse works. All 3 panels visible. No missing data.

Note: If a field shows a dash (--) that should have data, it may not have been filled in on
